Dear Mr Glickman:

I am very upset that Genetically Engineered Foods are being sold without labeling. I do not want to eat them and I deeply resent being forced to eat them! I reject GE foods for the following reasons:

① unknown health effects from eating GE foods for long periods of time. No research has been done in this area. The Safety of GE foods is questioned by many.

② genetic pollution of wild plants

③ increased use of herbicides

④ My own Religious / philosophical beliefs.

Label GF Foods. Stop pushing them on people.

GIVE CONSUMERS A CHOICE!

92N-0139

Sincerely  
Steve Graham
